

PROGRAM AT A GLANCE ISICAM 2024

PRE-CONGRESS

TIME	Sumatera	Jawa	Sulawesi	Kalimantan	Maluku	Ballroom A	Lotus Ballroom
08.00-09.00							
09.00-10.00						PCR Fellows Course (full-day)	Workshop on Overcoming CLTI: From Simple to Sophisticated (full-day)
10.00-11.00							
11.00-12.00							
12.00-13.00	LUNCH BREAK						
13.00-14.00						PCR Fellows Course (full-day)	Workshop on Overcoming CLTI: From Simple to Sophisticated (full-day)
14.00-15.00	Workshop on Optimizing PCI with Intravascular Imaging (Half-day)	Workshop on Coronary Physiology: How Has It Changed My Practice? (Half-day)	Workshop on Optimizing Provisional LM PCI in Various Situation (Half-day)	Workshop on CTO (Half-day)	Workshop on Calcified Lesion (Half-day)		
15.00-16.00							
16.00-17.00							
17.00-18.30							

Notes:

- Workshops
- Sponsored Symposiums
- Non-sponsored Symposiums
- Joint Sessions
- Special Sessions
- Live Case Sessions
- Nurse Sessions
- Training Villages
- Competitions

DAY 1

TIME	Sumatera	Jawa	Sulawesi	Kalimantan	Ballroom A	Ballroom C	Yogyakarta	Denpasar	Medan	Surabaya	Padang	Ceria Room
08.00-09.00	Symposium: Optimizing Safety and Efficiency of Transradial Access		Workshop on CCTA-guided PCI (full-day)	Workshop on Building the Heart-Brain Team for Stroke Prevention (full-day)	Follow-up from Live Case ISICAM 2023	Live Case Session 1 Management of Complex Coronary Lesion	Training Village 1	Training Village 2	Research Abstract Competition 1	Challenging Case Competition 1	Fellow Case Presentation 1	
09.00-10.00	Symposium: Revascularization in HFREF	Symposium: Interventional Management of PFO-related Cryptogenic Stroke			Research Abstract Competition 2				Challenging Case Competition 2	Fellow Case Presentation 2		
10.00-11.00	Learning Session: Various CTO Subset: How to Approach	Symposium: Cutting Edge in the Peripheral Vascular Intervention; from Iliac to Below the Knee Arteries			Research Abstract Competition 3	Challenging Case Competition 3			Fellow Case Presentation 3			
11.00-12.00	Intervention for CVD in Women	Lunch Symposium 1 Simplify Complex PCI with Advanced Imaging Technology			Challenging Case Competition 4	Challenging Case Competition 5			Fellow Case Presentation 4			
12.00-13.00	LUNCH BREAK											
13.00-14.00	Symposium: Debate on Mitral Regurgitation Treatment Strategy		Workshop on CCTA-guided PCI (full-day)	Workshop on Building the Heart-Brain Team for Stroke Prevention (full-day)	SingLIVE - ISICAM Joint Session: Left Main Disease	Live Case Session 3 TAVI	Training Village 1	Training Village 2	Challenging Case Competition 6	Challenging Case Competition 7	Fellow Case Presentation 5	
14.00-15.00	Symposium: Challenges and Barriers of Renal Denervation	CCT - ISICAM Joint Session : Cutting Edge Technology in CTO Intervention							Challenging Case Competition 8	Fellow Case Presentation 6		
15.00-16.00	Cross-Professional Collaboration with Nephrologist: Optimizing PCI Outcome in CKD Patients	Symposium: Current Update of PCI in Coronary Calcified Lesion				Challenging Case Competition 9			Fellow Case Presentation 7			
16.00-17.00	Cross-Professional Collaboration with Interventional Neurologist: Stroke Complication in Cath Lab	Symposium: Updates on Primary PCI				Challenging Case Competition 10			Fellow Case Presentation 8			
19.00-21.00												Fellow Gathering

Notes:

- Workshops
- Sponsored Symposiums
- Non-sponsored Symposiums
- Joint Sessions
- Special Sessions
- Live Case Sessions
- Nurse Sessions
- Training Villages
- Competitions

DAY 2

TIME	Sumatera	Jawa	Sulawesi	Kalimantan	Maluku	Sattoo Garden	Ballroom A	Ballroom C	Yogyakarta	Denpasar	Medan	Surabaya	Padang	Lotus Ballroom	
08.00-09.00							Breakfast Symposium 1 How Intracoronary Physiology Change Your PCI Strategy	Breakfast Symposium 2 Roles of CV Imaging in PCI							
09.00-10.30								OPENING							
10.30-11.30	Learning Session: Drug Coated Balloon		Young Interventionist Session: A Nightmare in Cath Lab				Lunch Symposium 2 More Imaging and Physiology, Less Imagination in Complex PCI	Lunch Symposium 3 Sirolimus-Coated Balloons: A New Frontier in Cardiovascular Intervention	Training Village 1	Training Village 2					
11.30-13.00	LUNCH BREAK														
13.00-14.00	ASEAN – Japan – USA Intravascular Imaging Meeting		Case Consult: Acute Coronary Syndrome Intervention in Rural Area		Nurse Workshop on Advanced Technology of Intravascular Imaging and Atherectomy (OCT & OAS)	Nurse Workshop on Intra-Aortic Balloon Pump	Nurse Workshop on IVUS & Coronary Physiology	Symposium: Insights from Leading Experts Complex ASD Closure	Live Case Session 5 Complex Cardiovascular Intervention		Training Village 1	Training Village 2	Research Abstract Presentation 4	Challenging Case Competition 11	Fellow Case Presentation 9
14.00-15.00								MYLIVE-ISICAM Joint Session: Mastering the Future of PCI with Drug-Coated Balloons					Research Abstract Presentation 5	Challenging Case Competition 12	Fellow Case Presentation 10
15.00-16.00	Learn from the Master: Focused on Physiology in Acute Coronary Syndrome		Case Based Discussion with Facilitator: LM Stenting Complication					Lunch Symposium 4 PCSK9 Inhibitors: From Innovation to Clinical Application	Live Case Session 6 Congenital Heart Disease				Nurse Poster Competition 1	Challenging Case Competition 13	Fellow Case Presentation 11
16.00-17.00								APSIC-ISIC Joint Session: PCI of Complex Calcified Vessel					Nurse Poster Competition 2	Challenging Case Competition 14	International Interventional Cardiology Fellow Gathering: High Tea & Speed Collaboration
19.00-21.00							Faculty Dinner								

Notes:

- Workshops
- Sponsored Symposiums
- Non-sponsored Symposiums
- Joint Sessions
- Special Sessions
- Live Case Sessions
- Nurse Sessions
- Training Villages
- Competitions

DAY 3

TIME	Sumatera	Jawa	Sulawesi	Kalimantan	Maluku	Ballroom A	Ballroom C	Yogyakarta	Denpasar	Lotus Ballroom	
08.00-09.00	Behind the Podium: Insights from Winning Presentations		Workshop on Revolutionize RVOT: Decoding Tetralogy of Fallot and Beyond! (full-day)	Workshop on 3D Echo in Structural Heart Intervention (full-day)	Workshop on Transseptal Puncture (Half-day)	Nurse Session I The Evolving Role of Nursing in Primary PCI	Breakfast Symposium 3 Combating Cardiovascular Disease: Our Never-Ending Battle	Training Village 1	Training Village 2	International Fellow Case Competition 1	
09.00-10.00	Masterclass Session: Failed CTO Cases					Nurse Session II The Role of Hemodynamic Monitoring and Supporting Devices in Primary PCI	Live Case Session 7 Complex Coronary Intervention			International Fellow Case Competition 2	
10.00-11.00	Masterclass: Calcification					Nurse Session III Management of Percutaneous Coronary Intervention Complications				International Fellow Case Competition 3	
11.00-12.00						Lunch Symposium 5 National ACS Guideline Recommendations				Lunch Symposium 6 ACS Outcome Optimization	International Fellow Case Competition 4
12.00-13.00	LUNCH BREAK									International Fellow Case Competition 5	
13.00-14.00	Learning Session: Bifurcation Provisional Technique		Workshop on Revolutionize RVOT: Decoding Tetralogy of Fallot and Beyond! (full-day)	Workshop on 3D Echo in Structural Heart Intervention (full-day)		Lunch Symposium 7 Personalized Drugs Combination in ACS Patients	Lunch Symposium 8 New Frontiers & Innovation in PCI	Training Village 1	Training Village 2	International Fellow Case Competition 6	
14.00-15.00						Symposium; Structural Heart Disease	Symposium: Left Main Revascularization				
15.00-16.00								CLOSING			
16.00-17.00											

Notes:

- Workshops
- Sponsored Symposiums
- Non-sponsored Symposiums
- Joint Sessions
- Special Sessions
- Live Case Sessions
- Nurse Sessions
- Training Villages
- Competitions
